

NEW YORK GRIP OF BIG BLIZZARD

Snow-Bound Passengers Remain in Trolley Cars All Night. Traffic Blocked.

SUFFERING AMONG THE POOR

Bodies of Four Victims Found in Streets—Fires Drive People Into Cold.

(By Associated Press.)
NEW YORK, January 4.—New York city and all the surrounding country today was in the grasp of the most severe storm of the winter. Traffic of all kinds was hampered, trolley lines were tied up, and the streets, swept by a gale, driving before it snow that cut like sand and piled in great drifts, were practically impassable. Railroad trains from all points were delayed from a few minutes to three hours, and the elevated lines were operated with the greatest difficulty, without regard to schedule.

At sea the conditions must have been beyond description, but no disaster has been reported. The bark Albatross was blown from her anchorage off Staten Island and was dragging ashore, but her anchors finally held her off from Wardsworth. In the harbor, the only point where observation could be had, an immense sea was running and several great liners and small vessels tugged all night. The tugs, in the semi-sheltered spots where they had sought refuge from the storm. What may have happened off shore to any luckless craft which had to face the fury of the gale only time can tell.

Stayed in Cars All Night.
All over the city morning found trolley cars blocked in the streets, great drifts against them and preventing them from moving an inch. In many of the cars were snow-bound passengers, who had remained in the cars all night rather than face the blizzard in an attempt to walk to their homes.

Very serious cases during the night—two of them calling for two alarms and two for three alarms each gave the firemen and their horses their most bitter experience of the winter. In one case, just before dawn, and when the blizzard was at its height, the occupants of several tenement houses in the upper east side were routed from their beds and forced to flee half-dressed to the storm-swept streets. In this fire, fifty-four persons, which were quartered in the tenement houses, were burned to death.

Policemen were compelled to force their way through the unbroken drifts to the subway stations. Every station along the subway was packed, and the trains were jammed.

Although thousands of homeless unfortunates were given shelter by the various charitable organizations last night, more than a score of men, overcome by cold weather, were found lying about the streets early today. All of these probably will recover under treatment.

Perished Miserably in Streets.

A remarkable story of misfortune was told today by Superintendent York of the City Lodging House, who reported that several men had applied for shelter at his institution during the night. Only six of the five hundred were overcoats, and hardly half of the five hundred had either underwear or stockings. The bodies of four victims were found of exposure in the streets early today. A guard of the Brooklyn Elevated Railroad, died on a platform after being on duty all night.

The fall in temperature during the morning, as recorded by the local weather bureau, was 23 degrees. Several times during the early hours to-day thirteen degrees above zero was reached. As the day advanced conditions in the city proper began to improve slowly.

New York was not alone in its suffering from the storm by any means, and as far west as Middle Missouri and as far south as Charlotte, N. C., snow and extreme cold were reported. Kentucky, the Virginia, Southern Indiana and Southwestern Ohio, all of Pennsylvania, except the northwestern portion, New Jersey and New England, were in the grasp of the blizzard. From every point heavy snow was reported, with blizzard accompaniments. Throughout Maryland there has been a snow fall of ten inches.

VIRGINIA HOTEL MEN IN SESSION HERE

(Continued from First Page.)

Hotel men of Norfolk surpassed themselves in the hospitality extended to us during our stay in their city. Our summer meeting was at Natural Bridge, Va., where we were royally entertained by our associate, Mr. Paxton, who exerted every effort to make our stay as pleasant as possible.

"Two years and a half ago we met in this hall through a circular issued by Colonel James A. Frazier, who, we can truthfully say, is the father of the Virginia Hotel Association. No one has worked harder than our secretary, Mr. John H. Callahan, and in this connection I may mention our friend, the chairman of the Executive Committee, Mr. P. M. Fry."

In the past year Mr. Fry and your president tried to have some laws enacted by the Virginia Legislature, but we did not succeed on account of want of time. I have been informed that Mr. McChesney, of Hot Springs, Va., attorney of the association, has prepared a set of laws which we hope to have enacted by the next Legislature.

"The cardinal principles of the Virginia Hotel Association are to elevate and advance the members of our profession, to protect them against unjust and burdensome laws; to expose fraud wherever found; to organize co-operatively for commercial benefits, and to hold up to the standard of precedence in employee by recognizing merit and reporting intolerance and dishonesty."

"Wishing the members of the Hotel

MUNYON'S PAW-PAW

Get a Bottle to-day. If it fails to cure I will refund your money. Munyon, Phila.

If you are nervous, if you can't sleep, if you are bilious or constipated or have any stomach or liver ailment, don't fail to use Paw-Paw.

Stop Suffering

I Will Gladly Give You a Full Dollar's Worth of My Remedy to Test.

Nothing to deposit. Nothing to promise. The dollar bill is free. Your Druggist on my order, will hand you a full dollar's worth and send me the bill.

No one else has ever tried so hard to remove every possible cause for disease. In eighty thousand communities—in more than a million homes—my remedy is known. There is no one else who has done this. I have come to you as a stranger. I ask you to believe not one word that I say till you have tried my remedy. I am not a physician. I am a medical principle which I apply. And for six solid years my remedy has stood the severest test a medicine ever put to. I have said: "If it fails it is free"—and it has never failed where there was a possible chance for it to succeed.

But this mountain of evidence is of no avail to those who, when they see and do a cure in doubt, doubt is harder to overcome than disease. I cannot cure those who lack the faith to try.

So now I have made this offer. I disregard the evidence. I lay aside the fact that mine is the largest and most successful of the world, and come to you as a stranger. I ask you to believe not one word that I say till you have tried my remedy. I am not a physician. I am a medical principle which I apply. And for six solid years my remedy has stood the severest test a medicine ever put to. I have said: "If it fails it is free"—and it has never failed where there was a possible chance for it to succeed.

But the nervous that, unguided and unknown, night and day, keep your heart in motion—control your digestive apparatus—regulate your liver—operate your kidneys.

These are the nerves that wear out and break down.

It does no good to treat the ailing organs—the irregular heart, the disordered liver—the rebellious stomach—the deranged kidneys. They are not to blame. But your nerves are. They are the nerves that wear out and break down.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge to put it to practical use. Dr. Shoop's Remedy is along this very line. It does not do the organ or weaken the nerve—it does not do the nerve and build it up, and strengthens it and makes it well.

For a free order for Book 1 on Dyspepsia, a full dollar bottle you Book 2 on the Heart, Book 3 on the Kidneys, Book 4 on the Liver, Book 5 on the Stomach, Book 6 on the Bladder, Book 7 on the Kidneys, Book 8 on the Liver, Book 9 on the Stomach, Book 10 on the Bladder, Book 11 on the Kidneys, Book 12 on the Liver, Book 13 on the Stomach, Book 14 on the Bladder, Book 15 on the Kidneys, Book 16 on the
